INSTITUTE OF MATHEMATICAL STATISTICS

General Office:

Department of Mathematics, Michigan State College, East
Lansing, Michigan
K. J. Arnold, Secretary-Treasurer

This address should be used for all communications concerning
membership, subscriptions, changes of address, back numbers,
etc., but *not* for editorial correspondence. Changes in mailing
address which are to become effective for a given issue should
be reported to the Secretary on or before the 15th of the month
preceding the month of that issue.

Editorial Office:

Statistical Laboratory, University of California, Berkeley 4,
California
E. L. Lehmann, Editor

Manuscripts should be submitted to this address; each manu-
script should be typewritten, double-spaced with wide margins,
and the original copy should be submitted (preferably with
one additional copy). Dittoed and mimeographed papers are
acceptable if they are completely legible and printed on paper
that will take corrections. Footnotes should be reduced to a
minimum and whenever possible replaced by a bibliography
at the end of the paper; formulae in footnotes should be avoided.
Figures, charts, and diagrams should be professionally drawn
on plain white paper or tracing cloth in black India ink twice
the size they are to be printed. Authors are requested to keep
in mind typographical difficulties of complicated mathematical
formulae. Authors will ordinarily receive only galley proofs.
Fifty reprints without covers will be furnished free. Additional
reprints and covers furnished at cost.

Subscription Price:

\$12 per year in the U. S. and Canada; \$10 elsewhere. Single
issues \$3.50. Back numbers are available at \$12 per volume or
\$3.50 per issue.
